

# Colour Digital Press

AccurioPress C6085

**Hemlock Harling's AccurioPress C6085** cut-sheet digital press by **Konica Minolta** delivers exceptional colour fidelity on a diverse range of paper stocks and a speed of 85 sheets per minute. It also offers multiple inline finishing options equipped to create ready-to-ship output at an affordable cost.

## Ideal Applications

Brochures and Postcards	Direct Mail pieces
Educational material	Booklets
Sales & Marketing collateral	Variable and on-demand material

## System Specifications

Resolution	1200 x 1200 dpi
Productivity	85 sheets per minute (8.5" x 11")
Controller	EFI Fiery

## Materials Handling

Paper weight	20 lb text - 150 lb (17 pt) cover
Paper sizes	4" x 5.5" (min.) - 13" x 19.2" (max.)
Image loss (max.)	0.2" or less along all 4 edges

## Inline Finishing Options

Staple Finisher	100 Sheets max.
Booklet Maker	80 Sheets max.
Hole Punching Unit	2 & 3 Hole

## Benefits

Automated inline colour calibration and front-to-back paper registration on every page managed in real time. Corrections made on the fly minimize variability in colour and registration, ensuring every printed sheet is of the highest quality.

The exceptional range of media supported—from embossed paper to thick card stock (up to 17 pt), makes this digital press a one-stop shop for all your printing needs.

The powerful EFI Fiery print controller provides for short run customization flexibility and the ability to use variable data for personalizing text and graphics on every piece produced.

A comprehensive portfolio of inline finishing options creates ready-to-ship output. Our C6085 features a booklet maker, staple finisher and punching unit.
